Swindon Network

Visit to Air Salvage International (ASI)

Wednesday, 28 September 2022 @ 10:30 am

A £10 per head charitable donation to Wiltshire Air Ambulance is required

Venue
Air Salvage International,
Hangar H1, Cotswold Airport,
Cirencester, Gloucestershire GL7 6BA - Access from A433 - RVP2

Mark Gregory
Founder and CEO

A chance to visit the world’s largest privately owned aircraft disassembly facility.

The usual format is a 30-minute talk by Mark Gregory about the history of the company and the aircraft disassembly market sector in general. This is followed by a walk to Hangar H2 and the apron outside to view aircraft undergoing the disassembly process, before boarding a vintage Boeing 727. The final stage is a short mini-bus ride to the Belfast site to view aircraft in the final stages of disassembly.
