SPARK (Lancaster)
Spark Your Future Ignite your Curiosity

A Hands on Technology Festival

Spark Lancaster is an exciting new technology festival set to take place in the vibrant center of Lancaster, coinciding with National Careers Week. Aimed at igniting the passion of future engineers and innovators, this immersive STEAM (Science, Technology, Engineering, Arts, and Maths) event invites participants to engage with cutting-edge technology through dynamic workshops and demonstrations.

Key features include:

- Hands-On Tech: Attendees can take control of Micro:bit-powered robots, delve into electronic crafting, and experience the wonders of 3D printing and graphical coding.
- Engineering Challenges: One Tenth Human will lead the "Trap the Thief" challenge, a captivating activity backed by the Royal Academy of Engineering.
- Careers & Innovation: A platform for local employers and support organizations to offer insights into startups and career paths within the tech industry.

Join us for Spark Lancaster, a free event perfect for students, families, and professionals to dive into the lively tech community! **To ensure safety and enjoyment, please reserve your ticket in advance.** Schools or groups can find more info underline or contact us for more details.
