

## Lancashire and Cumbria Local Network

# Networking Event - Measuring the Physical World (Preston)

## Sensors and Instrumentation

This evening presents a chance for members, partners, friends, and local industry and academic guests to gather over drinks and light refreshments, fostering conversations about the various activities and opportunities available in the region. Following the initial networking session, there will be an engaging thirty-minute presentation titled 'Measuring the Physical World,' which will provide a concise overview of physical and virtual sensors, data acquisition systems, and data mining methodologies.

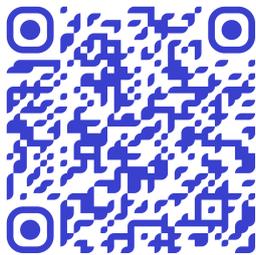

**Thursday 5th March 2026  
from 6:00pm**
